## “Service Above Self”

We are 1.2 million neighbors, friends, and community leaders who come together to create positive, lasting change in our communities and around the world.

### PROMOTING PEACE

65 million people are displaced by armed conflict or persecution. Through partnerships with leading universities, Rotary Peace Fellows develop the skills to strengthen peace efforts, train local leaders to prevent and mediate conflict, and support long-term peace building in areas affected by conflict.

## PROVIDING CLEAN WATER

Over 2.5 billion people lack access to adequate sanitation facilities. At least 3,000 children die each day from diseases caused by unsafe water. Our projects give communities the ability to develop and maintain sustainable water and sanitation systems and support studies related to water and sanitation.

## ERADICATING POLIO AND OTHER DISEASES

We expand access to low-cost and free health care in underdeveloped areas to prevent the spread of major diseases such as polio, HIV/AIDS, and malaria.

## SUPPORTING EDUCATION

Sixty-seven million children worldwide have no access to education and more than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity, and increase adult literacy.

## SAVING MOTHERS AND CHILDREN

At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. We provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained health care providers.
